## Frequently Asked Questions

**How many video sessions are included?** The ACT Prep course itself consists of twelve, 45-minute sessions. Additional Prep and College Counseling vignettes are also available.

**How do I show it to my students?** We recommend showing the course 3-5 weeks prior to the ACT test date. During the school day is most effective. Moving it around the school class periods avoids impacting any one class too many times.

**What else does the course offer besides ACT Prep?** The course is 80% subject matter and 20% test taking strategies, motivation, and college counseling. We also offer College Counseling vignettes for students, counselors, and parents.

**How many schools participate?** We have about 225 Partner Schools in 9 states that offer John Baylor Test Prep.

**How much can I expect my scores to increase?** Our schools typically see a 1-3 composite score increase in test scores for students who have previously taken the ACT without preparation and then use the John Baylor Test Prep program.

**Can students access JBTP from home?** Yes, we do offer the *School Online At Home* option for students to have access to JBTP at home. However, this is meant as an enhancement, not a replacement for students taking the course at school.

**Do you offer anything for the Explore and PLAN tests?** Yes, we do offer Explore Prep, which is four, 40 minute sessions and PLAN Prep, which is six, 40 minute sessions.

**Do you offer SAT and PSAT Prep?** Our SAT/PSAT course is ten, 45 minute sessions. The cost is \$50 per participating student for our schools who participate in the ACT course.

**How much does it cost?** Pricing is based on the total number of 9-12 grade students in the high school.
